COOL BOX INFORMATION

• Turning cool box on also turns on front air conditioning. (For automatic air conditioning systems) • A/C switch must be on to use cool box. (For manual air or front air conditioning) • When outside temperature is about 0°C (32°F) or below, cool box stops and indicator flashes. See Owner's Manual for details.

• Включение охлаждения отсека также приводит к включению кондиционирования воздуха в передней части салона (для автоматических систем кондиционирования воздуха). • Для использования охлаждаемого отсека следует включить кондиционирование воздуха (для систем кондиционирования воздуха, управляемых вручную). • Если во время использования охлаждаемого отсека температура наружного воздуха не превышает 0 °C или начинает мигать индикатор, охлаждение отсека прекращается и начинает мигать индикатор. Подробные сведения см. в руководстве для владельца.
